

Wolfeboro Heritage Commission Meeting - November 8, 2023 at Wolfeboro Town Hall Annex 5Pm

Maggie Stier called the meeting to order at 5pm, welcomed the public/ guests and stated that there were no minutes to approve as last WHC meeting was a working session. She reiterated the role of the WHC for the guests.

HC Present:

Maggie Stier
Suzanne Ryan
Dave Bolduc
Anne Blodget

Public/ guests:

Claude Roessiger
Jonathan Doherty
Howard Lowe

Maggie reported on Lisa Mausolf's progress in her assessment report and that draft 1 is due in 12/15/23. Lisa will be filling in with photos online, so we no longer need to send photo documentation from the field to her.

Claude and Jonathan presented their views on town rural heritage and what they are doing and how they would like to collaborate.

They specified:

- maintaining rural character of the roads in North/ East Wolfeboro
- History of diminished town's rural character
- Education of citizens of importance of rural and historical resources
- Holding more joint meetings and collaborations
- Impact of current housing "perceived" but not quantified needs

The discussion then touched on zoning changes that might be presented by the Planning Board. Suzanne and others stated it was too soon to know what is coming but the Planning Board is being followed.

The WHC will be following potential impact of Warrant Articles and needed advocacy for historic buildings and scenic landscapes.

Other business:

- Dave Bolduc proposed 'the awards and recognitions event' being an annual effort and he agreed to continue with that initiative. Those present were appreciative of Dave and the team. We already have a sponsor for 2024
- Maggie confirmed that the WHC '24 budget would be \$1,000.
- Charrette status relative to Community Center: Long term plans are being worked on, but not clear to public. Needs clarity.

The NH Preservation Alliance / Maggie is presenting a zoom on Heritage Commissions and it will be archived for all to view.
